

## A Great Way to Earn!

Spirit Vacations has moved to an exclusive “Set Your Own Commission” model providing travel agencies increased earning potential.

### Benefits of “Set Your Own Commission”

- **Maximize your profits** -Travel Agents using Set Your Own Commission with Spirit Vacations make an average of 55% more per transaction.
- **Complete Control over the entire booking process** - You set your own prices and the commission levels you want to be paid (30% maximum commission).
- **Competitive Prices** - Spirit Vacations offers ultra-low rates allowing you to set your own commission and still have enough to pass savings on to your clients!

### Helpful Information

- Before setting your own commission, check competitor’s pricing and review the difference between them and us. Then, set your own commission to maximize your profits and still pass on savings to your clients.
- “Set Your Own Commission” is still distributed the same way as the old base commission structure. Enter your commission percentage or dollar amount in the Set Commission screen in the Dynamic Booking Engine and you will receive your commission amount 30 days after your client travels.
- For frequently asked questions about “Set Your Own Commission”, visit [www.vaxvacationaccess.com](http://www.vaxvacationaccess.com) and under the Support tab select FAQ.
- Base commission was suspended September 8, 2008 in lieu of Set Your Own Commission compensation.

**Book through VAX VacationAccess, Set Your Own Commission and earn more money!**
