The Insurer will also pay benefits, up to \$100 per day, for reasonable additional accommodation and transportation expenses incurred to remain near a covered traveling Immediate Family member or Traveling Companion who is hospitalized during Your Trip.

Note: In no event shall the amount reimbursed exceed the amount You prepaid for Your Trip. You, Your Traveling Companion and Your Immediate Family member booked with you must be medically capable of travel on the day You purchase this plan. All covered reasons for interruption of Your Tour must first occur after Your effective date of coverage.

Trip Delay - The Insurer will pay benefits for Covered Expenses, up to \$500 (\$100 per day), if Your Trip is delayed for 12 hours or more, due to inclement weather, strike or other job action, or equipment failure of an Air Common Carrier.

Covered Expenses include any prepaid, unused, non-refundable Land/Sea Arrangements, any reasonable additional expenses for meals and lodging, and the cost of a one-way economy airfare ticket to catch up to Your Land/Sea Arrangements or to return to the place of origin shown on the travel documents.

PART B. MEDICAL PROTECTION

Emergency Evacuation - The Insurer will pay benefits for Covered Expenses, if an Injury or Sickness commencing during the course of the Trip results in Your necessary Emergency Evacuation. An Emergency Evacuation must be ordered by a legally licensed Physician who certifies that the severity of Your Injury or Sickness warrants an Emergency Evacuation. Emergency Evacuations must be verified, approved, and arranged in advance by AIG Travel Assist, Inc.

Emergency Evacuation means: a) Your medical condition warrants immediate Transportation from the place where You are injured or sick to the nearest hospital where appropriate medical treatment can be obtained; and/or b) after being treated at a local hospital, Your medical condition warrants Transportation to Your origination point to obtain further medical treatment or to recover.

Covered Expenses are customary and reasonable expenses, up to \$10,000, for Transportation, medical services, and medical supplies necessarily incurred in connection with Your Emergency Evacuation. Expenses for medical services and supplies must be recommended by the attending Physician. All Transportation arrangements made for Your evacuation must be by the most direct and economical route possible.

Expenses for Special Transportation must be:
(a) recommended by the attending Physician; (b) required by the standard regulations of the conveyance transporting You; AND (c) verified, approved, and arranged in advance by AIG Travel Assist, Inc.

Transportation means any land, water, or air conveyance required to transport You during an Emergency Evacuation. **Special Transportation** includes, but is not limited to, air ambulances, land ambulances, and private motor vehicles.

Additional Covered Expenses: If You are hospitalized for more than seven (7) days following a covered Emergency Evacuation, the Insurer will pay: (a) to return Your accompanying dependent children under age 25 to their home, limited to the cost of one-way economy airfare, less the value of applied credit from an unused return travel ticket, with an attendant if necessary; and/or (b) up to the cost of round-trip economy airfare to bring a person chosen by You to and from Your bedside if You are alone. These expenses must be authorized in advance by AIG Travel Assist, Inc.

The Insurer will not cover any expenses provided by another party at no cost to You or already included in the cost of the Trip. In no event will the benefits paid for Emergency Evacuation expenses exceed the coverage limit of \$10,000

Accident and Sickness Medical Expense - The Insurer will pay benefits, up to \$5,000, if You incur necessary Covered Medical Expenses as a result of an Injury, or, up to \$5,000, if You incur necessary Covered Medical Expenses as a result of Sickness. The accident causing such Injury must occur while You are covered under the policy, and the Sickness must first manifest itself during Your Trip. You must receive initial treatment within ninety (90) days of the accident which caused the Injury or the onset of the Sickness. All services, supplies, or treatment must be received within 52 weeks of the date of the accident or the onset of the Sickness.

Covered Medical Expenses are necessary services and supplies, which are recommended by the attending Physician. They include the services of a legally qualified Physician, surgeon, graduate nurse, dentist, or osteopath; charges for hospital confinement and use of operating rooms; charges for anesthetics (including administration), x-ray examinations or treatments and laboratory tests; ambulance service, drugs, medicines, and therapeutic services and supplies. The Insurer will not pay benefits in excess of the reasonable and customary charges commonly used by providers of medical care in the locality in which the care is furnished.
